The 11 fashioned, square window are being taken out of the Baptist church and handsome, arched ones substituted. These, together with the pretty stained glass, will make a decided improvement.

Will Get Together.
As the hot season is about passed, the Knights of Pythias lodge will soon pull together and resume its weekly meetings. No lodge can keep up its attendance during the summer months and it's out of the question to try.

Fraternal Order of America.
Messrs O. P. Wallingford and L. D. Runt are in town this week organizing a lodge of the Fraternal Order of America. The life insurance branch of the order is a good plan and quite cheap. The order has strong financial backing and is growing rapidly.

Lincoln County Tomatoes.
The Interior Journal jumps up for saying the Kings Mountain Cannery Co. is putting so many tomatoes in so many cans per day. Our statement is not exaggerated. The tomatoes were raised in Lincoln county, and its no trouble whatever to put many dozen in one small can.

Bucara Vista.
The Teachers Association will convene September 24, at the Brick church. All are cordially invited to come and bring their baskets. The programme is interesting, consisting of music, recitations and papers. D. D. Ely, of Danville has promised to be present and give a talk. Amanda Anderson, Vice President.

Co. L. Furloughed.
The Lancaster company was furloughed at Lexington Monday. The men were paid off and given thirty days leave. They are compelled to return at the expiration of that time. The boys made hot haste to get to their homes. They look well and are proud of the many compliments paid them by superior officers.

Got a Treasure.
Jim Dillon returned from the G. A. R. encampment Saturday. He succeeded in getting two pieces of his old regiment's colors. This flag was shot to pieces during the war and a number of men killed while carrying it. The regiment had every line officer killed in action and returned to Cincinnati with only one fourth the men it left with.

Mule Cots.
The ads. for mule cots brought a big lot of the long-eared animals to town Saturday. There were a few sales, but owing to the low prices the better ones went back home. Wills bought forty-five head at prices ranging from \$15 to \$27. Lewis bought about fifteen head at same price. These were all sucklings. Wills bought five older mules but would not state the price.

Annual Convention.
Christain church, Chattanooga, Tenn. October 13-21 1898. One fare the round trip via the famous Queen & Crescent Route. Tickets on sale from all points, October 10th to 13th, good until Oct. 24th to return. See that your tickets read by the Queen & Crescent. Hansome vestibuled trains. Short Line. Free reclining Chair Cars on night trains. Ask your ticket agents for particulars.

Vandalism.
Tuesday night some one went to the beautiful yard at Dr. Grant's, pulled up a lot of flowers, overturned several stamens and deliberately broke to pieces many headsome plants, bushes and shrubs. This yard was one of the prettiest in town, being almost a solid flower garden. It is hard to conceive the motive one would have in doing such an act. The devil kept pretty busy all the time burning such people, but we venture to say he left his bellows long enough to lay away a lot of brimstone to use on the vandal who committed Tuesday night's outrage.

Ladies Aid Society.
The Ladies Aid Society will meet with Mrs. Elizabeth Simpson Saturday afternoon. A full attendance is desired, as officers for the ensuing year will be elected at this time.

The Graded School.
The Graded School opened with 185 pupils in total of 157, as stated. The number has since passed the 200 mark. The school is about in running order now and everything points to a successful term.

Rev. Campbell Returns.
Rev. T. H. Campbell has returned from a protracted visit to his mother, in West Virginia. His legion of friends and admirers are delighted that he is back again. He will fill the pulpit at the Baptist church Sunday.

Pension Granted.
Mrs. Pauline Rigney, widow of Major F. D. Rigney, has been granted a pension. There was never a more just claim allowed, and its passage will be a great gratification to the host of friends of the gallant soldier and typical gentleman.

Critically Ill.
Lieut. Claude Wherritt took a turn for the worse several days ago and for the last forty-eight hours has been in an extremely critical condition. He suffered several hemorrhages and it was with the greatest difficulty the flow of blood was checked. He is resting much easier at this writing and the physicians have hope for his recovery.

Mr. Joseph's Father Dead.
Mr. J. Joseph received a telegram Wednesday announcing the death of his father, Abraham Joseph, in New York City. The deceased had been ill for some time, though was better for the last few weeks. The remains will be brought to Cincinnati for interment. Two sons, Jake and Sam, are well-known in Garrard county, where they have many warm friends who sympathize with them in their great bereavement.

Having rented Dudley's Mill on Dix River, near Gilbert's Creek post office, will run an Exchange House in Lancaster, Ky., for the benefit of the farmers. Will keep on hand choice flour, meal, bran, shipstuf, etc. Call on R. A. Stone, the bustling merchant, on Depot St. for particulars. Hoping to gain your patronage, I remain, JOHN H. POTTS.

Bank Stock.
Mr. S. C. Denny bought the ten shares stock in the Lancaster National Bank sold by Dr. Dave Logan's executor at Danville. The stock brought \$101 per share. Ten shares of the Citizens Nat'l Bank, Danville, were bought by D. C. Prewitt, at \$130 per share; 10 shares of the Farmers National by Thos. McRoberts, at \$195 per share; B. O. Rodes 10 shares of the Boyle Nat'l, at \$155.50; 10 shares at \$158, and seven shares at \$109 per share.

Show Niggers' Fist.
While the show was unloading Tuesday morning, Charley Hlatt, a negro, together with other loafers, stood around in the way. A show negro dropped a plank near Charley and the latter tackled him for a scrap. The show negro stopped long enough to floor Charley with his fist and then went on about his work. Charley's mouth looks like a beef's liver and he is satisfied that "show niggers" are good things to let alone.

Past the Notch.
Some one suggested that Lancaster have a centennial celebration, but we learn from good authority that the town was one hundred years old in 1896. Several towns have had street fairs, which are on the same order, so far as the parade is concerned, but it's most too late to get up anything of the kind now. Let's wait 'til next summer. Make by that time some of the cusses, who object to every public move, will have obliged the town by dying.

Prices and Quality.
I have 1,000 samples for Fall and Winter Suits, which are offered at the very lowest prices. I make small profits in order to sell. Tailor made suits as low as \$11.25, up to \$30. Ready-to-wear ALL wool suits from \$7.50 to \$18. Come and test the goods and compare prices and qualities, and you will buy. Thanking my old customers, I invite everybody to come to see me before buying.

M. D. HUGHES, Agent.

Something New and Very Good.
We have recently placed in our mill one of the most complete Corn Cleaners that is made. It cleanses corn perfectly and makes the meal as pure as the cleanest flour. It first takes out, by separation over sieves, all pieces of cobs, shuc's, rat fith etc., then it scours all impure meal from the corn. We also keep in stock grum flour put up in 12 1-2 lb. sacks made of all the wheat and ground on French Burr Mill Stones. We are now prepared to clean seed wheat at 5c per bushel.

BURNAM & RUCKER

House for Rent.
The Cottage just inside the toll-gate on Stanford pike, occupied by W. McC. Johnston, will be for rent by or before the last of September. It has three nice rooms, large kitchen, two porches,

VELVETY SOFTNESS

Combined with great durability are the chief merits of our carpets.

Of course they have many other things to commend them, notably great beauty of design and wonderful blending and harmonious contrasting of colors which give rich, brilliant but thoroughly refined and artistic effect.

Then in matter of price we doubt if anything like these values can be found outside the big centers of trade.

Our Fall and Winter stock in every line is almost complete. We would be glad to have everybody come in and see us.

The Logan Dry Goods Co.

es, splendid sterner water right in the porch, large yard, splendid garden, good stable and buggy house, large lot, and is every way a desirable residence. It is freshly painted and in thorough repair throughout. It has a good servants house of three rooms that readily rent for thirty-six dollars a year. Any one desiring to move to town where they can educate their children for nothing, would do well to examine this place.

For information call on, or address W. McC Johnston or W. J. Romans. sep 9-11.

Promotion for Tink.
Mr. A. Tink Anderson, who has been wagon master for the Second Kentucky turned in his stock when the regiment was furloughed and was highly complimented for the efficient manner in which he had attended to his duties. It will be seen that his good work was appreciated from the fact that he has been appointed to the same office for a division located at Anniston, Tenn. His new place is much more important, but in many more of Uncle Sam's dollars are put into "thunderbolts" pocket. He left Tuesday night for Anniston.

Now is Your Chance.
We have just returned from the cities with our fall stock of general merchandise. We worked very hard in getting a nice assortment, and we do not hesitate to say that we have the largest, the Newest and the Most Complete stock of Dry Goods, Clothing, Boots, Shoes, Hats, Furnishing Notions, Ladies Wraps, Queensware, Hardware, Furniture, etc., shown in this part of the country. And the most important part is we bought them at the right prices, and we will give our customers the benefit of those prices. We have not space to mention prices, but we respectfully invite everybody to call and see us and you cannot fail to appreciate our nice line of goods, and our exceeding low prices. We handle all kinds of country produce.

Harris Circus.
Harris Nickle Plate Shows exhibit d here Tuesday. It is much better than when here earlier this summer and the program was far above the average. The performers were splendid, the band excellent and, in fact, the entire show gave perfect satisfaction. The managers are all gentlemen and we never had dealings with a squarer set of men. The show is heading for winter quarters and I played the return engagement here to fill in extra dates. There was no disorder about the show, Mr. Harris always striving to keep out rowdies from his grounds.

Big Fire at Danville.
The large livery stable of Church Yeager and Dolph Rice, Danville, was almost completely destroyed by fire Wednesday morning. All the horses but one were saved, including the handsome horse belonging to Mrs. Dolph Rice. The building belonged to the brewers. Yeager & Rice's loss is partly covered by insurance.

FRIDAY, September, 23 1898.

THE Second Kentucky has turned in its property to Uncle Sam and every man been furloughed for thirty days. Col. Gaither is quoted as saying he is done with military work forever. "Some people and the men seemed to think there were no hardships to bear, and every time a man got a little sick he wrote home and his people complained to the War Department and to me. I had a message from the War Department while at Chickamauga stating that the citizens of Lebanon had held a mass-meeting and declared that their company should be sent home since there were but twenty-three well men in it. Upon investigation I found seventy-one well men and only three sick men. Gov. Bradley came to Chickamauga when we had but eight sick men in the hospital and ten or twelve sick in quarters. He took away nearly thirty, including men who were as well as I or any of the others. Men finding out that they had a chance to get home would wrap themselves up in blankets, throw themselves on the ground and pretend to be sick. People who go into the army should go with the determination of doing what they are told to do. I never ventured to suggest to the Secretary of War what should be done with my regiment, since it was not my place to do so. I started out to obey orders and did it, uncomplainingly."

It is believed that Germany has been scheming to take a hand in the disposition of the Philippines. The authorities at Washington have learned that, acting under instructions from Berlin, the German commander-in-chief of the Asiatic squadron has been investigating the coal deposits of the islands. This has been considered of sufficient importance to be laid before the Peace Commission. The President does not propose to allow Germany to secure any of the Philippines or to permit Spain to dispose of any territory in the far East, and has instructed the commission to demand of Spain reversionary rights in the islands for the United States.

Gov. TANNER, of Illinois, has refused the petition of the Temperance Union to have the battleship, Illinois, christened with water. He says the sacrament, the most solemn ceremony of the church, is celebrated with wine and he sees no reason why the time honored custom of christening a battleship with the same fluid should be ignored. So far as he has anything to do with it, it will be used. If, instead of running off on these mouse tracks, the women would put in the same time trying to persuade poor, whisky-soaked wretches to quit the evil of their way, they would come nearer living up to their motto.

In his speech at Lexington Congressman Settle, said: "Personally, I am opposed to keeping the islands. England is desirous that we should keep the Philippines. She hopes for an alliance with us. I believe that the United States should maintain a coaling station in the Philippines. However, if the Democratic party favors expansion and retention of the islands my personal views shall not stand in the way."

A DISPATCH from Frankfort says the agreed case to test the constitutionality of the election law will come up before Judge Castrill for argument this term. The Republicans have decided to enter into the case, and further agreed facts will be submitted, and the law bitterly contested. The case will be taken to the Court of Appeals and decided before the November election.

Two girls are, to use a slang expression, "chewing the rag" over which is the daughter of the Fourth Kentucky Regiment. Col. Walton, of the Interior Journal, suggests that they fight it out under Marquis of Queensbury rules, and in prize fighter's costumes, with Col. Colson as referee. If this is done, we speak to act with Col. Walton, as bottle holder.

ALTHOUGH the court has granted a divorce to Gen. Clay's child wife, Dora, some of the papers continue to bore their readers by publishing a lot of stuff in regard to the couple. This marriage and divorce have furnished more food for the wiley special correspondents than has any happening for years, and they have certainly worked it for all its worth.

SO MANY soldiers have been sent home that there are now not over 7,000 effective American soldiers in Porto Rico, including but one troop of cavalry. Some timid Americans on the island think a greater show of military force would be wise until the native thirst for revenge dies out and the Porto Ricans have learned how to use their new liberty.

SCATTERED islands continue to throw off the Spanish yoke from day to day. Our troubles will begin when these stray lamba come bleating for annexation.

IN ROYAL STYLE

Do the Good People of Nicholasville Celebrate the One Hundredth Year of their City's Existence.

It was the editor's good fortune to attend the Centennial Celebration at Nicholasville Friday. This good old town, in addition to having on its best bib and tucker, was bedecked from centre to circumference with flags and bunting. Not only the stores, but every private residence was in gala attire and the whole presented a scene lovely to behold. We arrived there about ten o'clock and were captured by James Stearns and Harry McCarty, the big-hearted editors of the *Jessamine Journal* and clever Louis Pilcher, of the *Democrat*. A badge about a yard long was attached to our coat and we were placed in the procession with the Nicholasville Commercial Club, an organization made up of hustling, pushing, public-spirited business men of Jessamine. Headed by Saxton's famous military band, the procession marched to the Q & C depot and met the Cincinnati Young Men's Business Club, which came in a special train 325 strong. The big parade then marched through the principal streets. In the parade were floats of the most exquisite design, every business of the town and county being represented. We heard people who were posted on such matters say the floats were as tasty and pretty as any they had ever seen. Arriving at the beautiful "Duncan Heights" the commercial clubs and newspaper representatives were escorted to the long tables for dinner. Here the good ladies, bless them, had prepared a feast fit for ye gods. They did not bring out knick-knacks and other cheap trash usually served at public gatherings, but had a genuine old-fashioned Kentucky dinner, consisting of old ham, roast beef, mutton, sheep, cornbread, sandwiches, good strong coffee, some dozen different kinds of pie, and goodness knows what all. During the two or three hours we spent at the table we thought of how Bro. Walton, Harry Giovannioli, Clarence Woods, and others of the Kentucky press gang, would kick themselves for missing it. It was estimated that fully eight thousand people were in town and nearly all of them ate at the public dinner. If anyone went away hungry it was because he was too lazy to eat.

In the afternoon the crowd was entertained by speeches from Col. Bennett H. Young, Hon. Joe C. Blackburn, Evan Settle, Gilbert and others. At night the young folks gave an enjoyable hop, which was attended by a big crowd. They never do things by halves in Nicholasville, and if a person goes there and conducts himself properly he will receive treatment that goes to his heart and remains there until death. One chief characteristic of the Nicholasville people which makes especial impression on us is their perfect freedom from that know-it-all, holier-than-thou, jackass-in-a-graveyard air which some people try to work off. Nothing is more disgusting than to see a fellow look and act like he thought himself better than the world at large. There's nothing of that sort about Nicholasville. Business called us away before the day was done, but we were there long enough to receive a hospitable and friendly treatment that will be treasured in memory as one of the few oases in the long journey across the dusty desert of life.

FROM OUR NOTE-BOOK.

We saw Col. Jim McMurtury standing around a big tree with two cups of burgoo, a leg of mutton, three pieces of cornbread and a jug of buttermilk. We approached the gentleman but could not divert his attention from his "tunch."

The Louisville Commercial Club arrived about noon, headed by Eichorn's band. They were a clever lot of fellows and were out for a good time.

The Nicholasville girls are as pretty as peaches, and the best of it is, they are not at all "suck-up" over the fact.

The booth fiend was conspicuously absent. Everything was as free as the air.

The usual fellows "out for the stuff" at such places were not present, and everybody was, instead, out for a good time. With a pleasant surprise it is to get in a place where every body is not exerting every energy to get hold of a few pieces of silver.

There were three bands of music present, but the crowd gathered around Henry Saxton, of course. The Louisville and Cincinnati bands could not touch him. Der dutch are not'in it mit Sax.

A pick-pocket was caught with "wool in his teeth" and, but for the timely work of the police, would have received rough treatment. If there were any more of the light fingered gentry in the crowd, they kept quiet after seeing that the people would have no shenanigans.

Do Not Be Imposed On.

Always insist on getting Foley's Honey and Tar, as it is positively, absolutely and unqualifiedly the best cough medicine. Accept no substitute.

TRIPLE TRAGEDY.

Jealousy Drives a Young Woman to Kill Her Husband and Baby and Then Take Her Own Life.

LOUISVILLE, Ky., Sept. 16.—One of the most terrible tragedies that ever occurred in Louisville was revealed Thursday morning at the Enterprise hotel on east Market street. The occupants of room 4 failing to answer a call, the door was broken in and on the floor lay a 6-months-old girl baby dead from poison. Joseph F. Villiers, with his arm about the baby, dead with a bullet hole in his temple, and across his body that of a beautiful young girl, Nellie McCutlin. Every circumstance indicates that she killed Villiers and the baby and then committed suicide.

The only apparent motive was jealousy. Villiers was a motorman on the Seventh street trolley line and the son of a farmer of Meadow Lawn, Ky., also the woman's home. He was a widower and the baby his daughter by the dead wife. The trio went to the hotel at 8 o'clock Wednesday night and registered as Geo. F. Villiers and wife, Meadow Lawn, Ky. The corner's investigation indicates that the woman had purchased morphine before going to the hotel. This was given to the baby in milk and Villiers was sent out on some pretext, while the dose was administered. She also took the drug, but it failed to take effect at once. When Villiers returned she evidently killed him and then took a larger dose and fell across the two bodies to die.

Chief Justice Pictures.
FRANKFORT, Ky., Sept. 17.—Capt. W. S. B. Hill is collecting pictures of all of the former chief justices of the court of appeals. They will be placed in the appellate court room. Among the pictures of former justices that have been secured so far are those of Senator Lindsey, Justices Holt, Hines, Pryor, Stites, Peters, Hargess, Bullitt and Duval.

In Health the Cause.
LOUISVILLE, Ky., Sept. 19.—Samuel E. Harri, a brakeman on the L. & N. railroad, shot himself, with suicidal intent, in the office of Dr. Wallace, on Southgate street, between Sixteenth and Seventeenth streets, Saturday afternoon at 1 o'clock. He had been despondent for some time over poor health.

Gen. Beck's Large Gov. Bradley's Guest.
FRANKFORT, Ky., Sept. 17.—Maj. Gen. Joseph C. Beckinridge and staff arrived here Friday morning en route from Chickamauga park to Lexington, and are the guests of Gov. Bradley. Lunch was served to the party at the executive mansion. They will leave Friday afternoon for the Lexington camps, accompanied by the governor.

Will Reduce Capital.
FRANKFORT, Ky., Sept. 19.—The Exchange bank of Mt. Sterling was granted full authority by the secretary of state to reduce its capital stock from \$100,000 to \$50,000. The Guthrie Clothing Co., of the same place, also filed articles of incorporation. Its capital stock is \$50,000.

Riot in Jail.
HOPKINSVILLE, Ky., Sept. 19.—While a number of new prisoners were being ushered into the corridors of the county jail Saturday a riot was started by old prisoners throwing things at them through cell windows. Some prisoners got loose, and before the fight could be quelled several were seriously injured. Will Hughes, who is to be sold for vagrancy, had one eye knocked entirely out with a heavy glass.

Fitzpatrick Sworn In.
LOUISVILLE, Ky., Sept. 18.—John G. Fitzpatrick, of Middleboro, Thursday morning qualified as assistant district attorney for Kentucky. John Henry Wilson, Congressman Colson's choice, was appointed in the spring, but the appointment was revoked and Fitzpatrick finally landed the \$2,500 plum. He succeeds Arthur Wallace, democrat.

A Printer Attempts Suicide.

PATRICK, Ky., Sept. 21.—Jan's L. Robinson, a printer of this city, attempted suicide by taking a small quantity of laudanum and several morphine pills, about three and a half grains, as near as could be determined. Despondency and domestic troubles are thought to have prompted the rash act.

The Transylvania Derby.
LEXINGTON, Ky., Sept. 21.—The horses entered in the Transylvania Derby, the annual October contest for all ages championship, have been named. It is the greatest field of star campaigners ever named and promises to be the most sensational race ever contested on the American turf.

Creek Timber Boom.
GLENSWOOD, Ky., Sept. 21.—Strait Creek is booming with business. The hundreds of acres of timber, known as the Shoup land, is being worked up into different kinds of material and shipped to eastern markets. A large hoop factory has been erected, employing a large number of hands.

Fine Cattle Sold.
RICHMOND, Ky., Sept. 21.—T. D. Chenault sold to Schwartz, Schell & Co., of New York, for export, 200 head of big cattle, at 4 1/2 cents. Milt Covington sold 30 head at 4.00. These cattle are the finest raised in Madison county this year, and represent a value of nearly \$20,000.

Gas at 140 Feet.
WELLSBURG, Ky., Sept. 21.—The Brookville Oil and Gas Co., while putting in a well at this place, struck gas Tuesday afternoon at a depth of 140 feet. A match was applied. The gas is now burning and sending up a blaze 25 feet high, lighting the country for miles around.

GETTING READY

Every expectant mother has a trying ordeal to face. If she does not

get ready for it, there is no telling what may happen. Child-birth is full of uncertainties.

Nature is not given proper assistance.

Mother's Friend

is the best help you can use at this time. It is a liniment, and when regularly applied several months before baby comes, it makes the advent easy and nearly painless. It relieves and prevents "morning sickness," relaxes the overstrained muscles, relieves the distended feeling, shortens labor, makes recovery rapid and certain without any dangerous after-effects.

Mother's Friend is good for only one purpose, viz.: to relieve motherhood a danger and pain.

Copper Colored Splotches.

There is only one cure for Contagious Blood Poison—the disease which has completely baffled the doctors. They are totally unable to cure it, and direct their efforts toward bottling the poison up in the blood and concealing it from view. S. S. S. cures the disease positively and permanently by forcing out every trace of the taint.

I was afflicted with a terrible blood disease, which was in spots at first, but afterwards spread all over my body. These soon broke out into sores, and it is easy to imagine the suffering I endured. Before I came convinced that the doctors could do no good, I had spent a hundred dollars, which was really thrown away. I then tried various patent medicines, but they did not reach the disease. When I had finished my first bottle of S. S. S. I was greatly improved and was delighted with the result. The large red spots on my chest began to grow paler and smaller, and before long disappeared entirely. I regained my lost weight, became stronger and my appetite greatly improved. I was soon entirely well, and my skin as clear as a piece of glass. I. L. MYERS, 10 Mulberry St., Newark, N. J.
